

## Why I Am Not Enlightened

Enlightenment is not for the faint of heart, or as Eliezer Sobel makes clear, for those without a sense of humor. Why I Am Not Enlightened is a penetrating, insightful, and above all genuinely funny meditation on the quest for gnosis and its discontents. Where does the spiritual path take us? What does enlightenment mean, really? In this concise recounting of his personal journey along the highways and byways of the spiritual search, Eliezer pursues these questions while calling on 30 years of study with a remarkable array of teachers, gurus, shamans, healers, channelers, yogis, and more. I personally met Satchidananda, Krishnananda, Kriyananda, Muktananda, the whole Ananda family, he writes. I sat in reverence before Sai Baba, Baba Muktananda, Adi Da Samraj the Ruchira Avatar, the Dalai Lama, Adyashanti, Poonjaji, Ammachi, Master Nome (pronounced No-Me, get it?) Siddhi Ma, Guru Mayi, and Harold Klemp the Eck master of Eckankar.... So don't ever accuse me of not making an effort. The wisdom that Eliezer has gleaned from these encounters shines through in this thoroughly enjoyable reflection on the wonders and ironies of the spiritual life. You might even find it enlightening.
