

## Thomas McKnights Arcadia

Thomas McKnights Arcadia Artists Edition: Boxed, Limited Edition Signed by the Author / Artist Thomas McKnight; Signed Limited Edition; Limited to only 600 copies signed by the Artist and in a Slipcase; 205 numbered pages; Published at \$125.00. Thomas McKnight (b. 1941) is one of the most successful artists in the United States. Best known for his celestial interiors and landscapes of the worlds most beautiful places, his work has also explored an interior world he calls Arcadia-a place where nymphs linger by ancient springs, oracles speak, and angels fly. In a burst of creativity over the last decade, McKnight has developed a new style to depict these interior visions. The canvases are large, textured, and evoke the patina of ancient frescoes-and more than 100 of these new paintings are featured in this book, along with insightful commentary by Italian art critic Francesco Colonna. Thomas McKnights Arcadia is a handsomely designed new monograph that will transport the reader to the paradise of the painters imagination.
