

## Awakening (Dreamers Realm One)

The horror of her sisters abduction and Lucindas guilt manifest into years of acute insomnia. She appears to be miraculously healed when she participates in a test program that provides restful sleep but awakens a new dream realm an alternative existence where Lucinda can create and manipulate any fantasy inspired by her imagination. Lucindas new realm is shattered by a dark evil that lurks there. Evil that is not confined to nightmares, but a sinister foe that also hunts for victims in the real world. Lucindas discarded spiritual beliefs resurface and prompt her to begin a perilous journey against this very real threat; a heartless creature that destroys innocent lives. The dream realm, spiritual domain and Lucindas physical reality integrate and twist together as Lucinda rediscovers her faith and confronts the monster that threatens her very life and those she loves.
