

How to Use the Healing Power of Your Planets: Induce Better Health and Well-Being

Encoded in our birth charts is everything we need to know about ourselves, from our strengths and career inclinations to our deepest fears and insecurities. Viewing that knowledge from a healing perspective, Donna Taylor gives clear and practical guidance on how astrology can help to identify and transform factors that can create disease: energy imbalances or blockages, frustrated needs and self-limiting attitudes. She looks at how to interpret the factors influencing each individual. Then she shows us clearly and simply how to apply our new-found knowledge in order to be healthier and happier.
