

Cowparade Atlanta: Celebrating the Art and Culture of the Olympic City

Oh where oh where is the CowParade now? East of the Mississippi River, north of the Gulf of Mexico, and south of the Tennessee border. The CowParade had stopped to graze in Atlanta, GA, one of the most culturally diverse cities in the United States. The Cows first appeared in June of 2003. Local amateur and professional artists signed up to create exhibits such as Lactos Intolerabull, MC Fresh Milk, and Mooing in the Rain. These ingenious creations disappeared from the sidewalks, malls, and parks of the city on September 26th. The auction for these urban art sculptures will be on November 13th to raise money for the Southeastern chapter of the American Cancer Society. If you cant afford to take a cow home, or the pictures you took of your favorite cow got lost at your local photo lab, dont worry because the professionals have you covered. CowParade Atlanta, the Official Keepsake Book commemorating the event, will be released in mid October, featuring over 150 full-color pictures of your favorite heifers in this best-seller. CowParade Atlanta in the most recent incarnation of the worlds largest public art exhibition designed to celebrate the spirit of fun, art and community.
