

Skipping Easter

Life without Easter for once. Imagine that.

I entertained the thought to skip Easter this year. No crowded shopping centers, no Easter bunny, no jelly beans and marshmallow candy, no lamb shaped from butter, no kielbasa, ham, or dyed eggs. No Easter parade. No church services! No blessed basket of food before Easter eves start to enjoy Easter Sunday! Not even a new suit, hat, or bonnet. Id be the Easter crank. Skip it. Thats just what I had in mind after Christmas Day. Skip Easter. Who needs the flu, the hassles, the traffic and parking lots at stores, the expectations we have of one another, and, the picture-perfect card with the entire family, or else! No decorations? Not even the usual rites of Springs baseball season with the Detroit Tigers? Forget it! All of it. A trip to Easter Island to escape this holiest day of the calendar year seems so nice. However, as lessons were learned, skipping Easter comes with consequences. It isnt accomplished as easily as I had imagined. Lessons were learned, and, even came alive with fresh, vibrant ways as my idea was explored amid the craziness, chaos and frenzy that marks this holiday tradition. Easter would not be the same, indeed. For sure. Happy Easter!
