English Unlimited for Spanish Speakers is a six-level goals-based course for Spanish-speaking adult learners. Centred on real-life objectives, it prepares learners to use English independently and confidently for global communication. Through universally inspiring topics and with a special focus on intercultural competence as a fifth skill, this international Coursebook helps learners become sensitive and effective communicators. With natural, dependable language and practical CEF goals, the Coursebook brings real life into the classroom and gives learners the skills, strategies and confidence to communicate confidently outside it. Tips for Spanish speakers also raise awareness of common errors based on research from the Cambridge Learner Corpus. The e-Portfolio DVD-ROM enables learners to build a portfolio of their work, creating a record of their progress, and provides reference tools and a vocabulary trainer.
