

Buildings of the Cotswolds

The Cotswolds has some of the loveliest countryside and architecture in Britain. Buildings of the Cotswolds covers over a 100 Cotswold villages and towns. Color and monochromatic photographs highlight the fine detail of the buildings, the stone and its variations, the style of construction, and local building specialities. Together with the vivid text they reveal features of manor houses, cottages, fine farm buildings, and churches, some dating from pre-Norman times.
