

Susies Sun Signs: How to Truly Understand Your Lover, Family, Friends, Pets, and Yourself Using Astrology

Susie Cox, Master Astrologer at the famed Canyon Ranch Spas, is a modern-day Linda Goodman-and she's bringing Goodmans blockbuster Sun Signs into the 21st century. Written in 1968, Goodmans landmark work is filled with outdated references about employees writing personal letters at their desk and now-forgotten celebrities. Cox puts a contemporary spin on the book, offering straightforward predictions that give readers fresh insight into their own and others personalities, as well as new topics that todays readers will find relevant.
