

The Modern Day Mystic Trilogy (Book One) The Mystical Life: The Amazing and Spiritually Inspiring True Story of One Mans Connections to the Cosmos

When author and mystic Thomas F. Lyons was just a young child, a man with a full beard, olive skin, and the clothing of an Egyptian Coptic Priest used to appear before him in small town America and teach him about the secrets of the Universe. Even though young Thomas was being raised Roman Catholic (without the concept of reincarnation) when the Man would appear to him in his visions Thomas would remember countless lifetimes in which he had lived and died as many different types of men and women in various human cultures and time periods. When Thomas was 8 years old, the Man of his visions showed him an important lifetime from the late 1800s and told him he would meet others from that life in the future. In that life, Thomas had been an Irish-born lawyer deeply involved in Eastern religious practices and Western mysticism who had traveled across the Americas and to India. Thomas would be over 30 years of age before that prophecy of connecting with others from that life would finally come to pass and that knowledge would profoundly change his life. As a boy, Thomas was very much a loner. The strange and otherworldly experiences of his youth made him not fit in well with others. While his brothers and sisters were watching TV, Thomas was having out of body experiences and talking to spirits. When his fellow classmates were reading the chalkboard, Thomas was seeing visions of parallel realities and alternative timelines, making it rather difficult for him to succeed as a regular student. The Modern Day Mystic Trilogy (Book One) The Mystical Life is the first in a series of books chronicling Thomas F. Lyons lifetime of spiritual encounters and his passionate search for the meaning and truth behind his extraordinary experiences. In these books he tells us of events in his life that most of us have only dreamed of, or have written off as superstition or even as

science fiction. One thing is for certain, once youve read the true life stories captured in The Modern Day Mystic Trilogy, your way of looking at life will never be the same again. The Chapters in The Mystical Life (Book One) include: The Man Who Wasnt There A Ghost in the Hallway Three Days Out of Sync with Time The Waterfall Spirit & the Talking Tree The Healing Circle I Get Publicly Snubbed by a Famous Swami Upcoming Books by Mr. Lyons include: The Mystical World (Book Two) The Mystical Reality (Book Three) The Mystical Experience
