

It Comes Down to This: Leadership, Management and Getting There From Here

A common sense field guide to achieving success. It Comes Down to This is a rough and ready guide for anyone attempting to lead an organization to success. The truth: companies seldom fail because they are not competent at their core mission. They fail because the surrounding management structure cannot provide the necessary support. This book helps you understand and build the management scaffolding to create success in your area of passion. It side-steps consulting babble with humor and concise, honest concepts. Make the decision to succeed and do what is necessary. Connect what you do to your definition of success. If it is your lot to lead or manage people, this book is for you.
