

Lightworkers Log :- Transformation (The End of My Soap Opera Life Book 3)

Transformation :-) is the third book in a series that documents psychic and spiritual experiences of a lightworker as she begins to awaken to the mission of One. This is a deeply personal book that continues to relate SAMs journey of ever-increasing awareness. It offers information from references such as The Science of Mind, A Course In Miracles and Its All God. An eloquently written memoir, Transformation offers glimpses of the awakening process, inspiration and ideas for going beyond our five senses to connect with the invisible reality that underlies physical form. Transformation :-) is an amazing journey of self-discovery that proves the strength of mind over matter. The book contains a wealth of valuable insights to life on earth and shows its possible to break free of limiting thought to manifest anything through clear intention. The book holds insights to the world of Spirit; tools for self-mastery; 15 illustrations; notes; and valuable structured prayers.
