Literacy Assessment and Instructional Strategies by Kathy B. Grant, Sandra E. Golden, and Nance S. Wilson prepares literacy educators to conduct reading and writing assessments and develop appropriate corrective literacy strategies for use with their grade K5 students. Connecting Common Core Literacy Learning Standards to effective strategies and creative activities, the book includes authentic literacy assessments and formal evaluations to support reading teaching in the elementary classroom. Initial chapters discuss literacy assessment and evaluation, data-driven instruction, high-stakes testing, and instructional shifts in teaching reading. Subsequent chapters focus on the latest instructional and assessment shifts, including pre-assessing literacy knowledge bases, using informational texts for vocabulary development, and close reading of text. Written by reading practitioners and researchers, this book is a must-have for novices as well as for veteran classroom teachers who want to stay on top of changing literacy trends.
