

Lotus Engine

Just Like a Dream
What ever your heart
wants to say
When ever your dreams get in
the way
When ever the memories drag me
back to you
Always go with a smile on my
face cause I know how sweet the taste
of anything that reminds me of you
I got a heart like an old oak tree but my mind
wont set me free
And all I can think of is you
Now I live in a memory and the world
means nothing to me without you
I saw love in your eyes warm as any sunrise
Ive ever seen
I saw forever in your smile and I
was happy for awhile
Just Like a dream...
