

## Poems of Love and Life for Scorpio

Scorpios, ever wondered what the Sun-signs tell you about love and life? This unique anthology of poems for love and life relates directly to your Sun-sign, Scorpio. If you were born between the 24th of October and the 22nd of November, you will relate to many of the themes identified with your sign's characteristics and personality traits. The poems in this collection have been chosen because they reflect a Scorpio attitude to life. They appeal to the interests ruled by your sign; the animals, flowers, trees, plants and places celebrated by the poets and associated with the sign of Scorpio over three thousand years of traditional astrology. Some have been chosen simply because we believe you will enjoy them, and that they will awaken or re-awaken your love of poetry.
