

Street Atlas Suffolk

A pocket atlas of Suffolk, giving comprehensive and detailed coverage of the region. The mapping is produced by the Ordnance Survey to Philips specification and gives the user complete coverage of all urban and rural areas. The mapping is at a standard scale of 2.5 inches to one mile and is complete with postcode boundaries. The atlas is ideally suited for both business and leisure use. There is a route-planning map and an administrative and postcode map at the front of the atlas. The main maps show every named road, street and lane clearly with through routes highlighted. School locations are marked and emergency services, hospitals, police stations, car parks and rail and bus locations are all featured. There is a comprehensive index of street names and postcodes that includes schools, industrial estates, hospitals, sports centres, etc which are highlighted in red.
