

The Campus Guides: Rice University

The newest titles in the Princeton Architectural Press Campus Guide series take readers on an insiders tour of the University of Washington in Seattle, Rice University in Houston, and Cranbrook in Bloomfield Hills, Michigan. Beautifully photographed in full color, the guides present architectural walks at three of Americas finest campuses, revealing the stories behind the historic and contemporary buildings, gardens, and works of public art. Rice Universitys neo-Byzantine-style campus, created by Cram, Goodhue & Ferguson, also includes modern buildings by James Stirling and Michael Wilford, Ricardo Bofill, Cambridge Seven Associates, John Outram, and Antoine Predock.
