

## Unexpected Witness: The Healing Message of the Woman at the Well (Pieces to Peace Book 4)

We meet this woman at the well, a place we often visit in our spiritually dehydrated lives. We come because we are drawn. We come because we thirst. Its where we meet Jesus and encounter Truth, breaking the chains of silence weve grown accustomed to. This book shows us that the encounter with Jesus -- and facing the truth about ourselves and our situations -- is perhaps one of the most important of our lives. This book is appropriate for both individual and small group study.
