You will never live a happy life leave alone achieve your dreams and reach your destiny if you fail to find your purpose in life. Every page of this book will help you to not only find your identity but also become conversant about the tenacity you have towards achieving your dream. This discovery will subject you to a splendid life of purpose and passion until you get to your destiny. This book is for teens and young adults who are looking forward to rise above their fears, depart from mediocrity afoot a complete transformation and efficacy of their lives by first realizing who they are and finding their Gods given purpose in life before they embark on a life journey with a sole purpose of becoming successful in all areas of their lives if they adhere to their purpose and live their passion. Parents: As you embark on a venture to gentrify your teens life, this book will enhance your parenting acumen and help you to undertake your parenting responsibility of inculcating your teens and young adults with the moral responsibilities that they need in order to always make positive decisions not worth regrets in their present and future lives. Since empowerment is a very vital act of mentorship that fosters self-identity and ameliorates an individuals quality of life, ignorance is bliss only when the knowledge of God is not involved. Its through our relationship with God that we come to find our purpose, gain confidence, become courageous and suppress our fears in life as we progress towards our destiny. As we seek to find our God mandated purpose in our lives, its very imperative to know that life comes in phases where victory of your present stage invigorates your progress in the next stage. Nevertheless, our deepest fear is not that we are inadequate. Our deepest fear is that we are powerful beyond measure. Its our light, not our darkness that most frightens us. Most of the times we ask ourselves; who am I to be brilliant,

gorgeous, talented and successful? Actually, who are you not to be? You are a child of God. Your constrained thinking does not serve or impact the world. Your life is not a mistake. Every human being has a purpose which should dictate him or her to live a purpose driven life. We were born to make manifest the glory of God that is within us. Its not just in some of us; its in everyone. As we let our own light shine, we unconsciously give others permission to follow suit. As we are emancipated from our own fear, our presence and perseverance automatically emancipates others.
