

The Encyclopedia of Paranormal Powers: Discover the Secrets of the Unexplained

Explore the extreme power of the mind from clairvoyants and poltergeist activity to teleportation and levitation. Paranormal Powers is an expert reference guide to mystical abilities, where you will discover the secrets of mind readers, mediums, astro projectors and many more. Seven chapters cover everything from the dark world of secret programmes, to those claiming to possess particular powers, including the controversial Natalya Demkina - The Girl with X-Ray Vision. This title teaches us about psychology and the motives controlling our behaviour.
