

# The Joys and Benefits of Connecting with Our Cosmic Spirit: The Joys and Benefits of Experiencing Our Spiritual Consciousness

For thousands of years, humans have been living lives greatly influenced by their EGOs and by their social conditionings and religious upbringings. Their lives have been mostly controlled by their minds and thoughts and as a result they have experienced ill health, fear, disasters, unhappiness and an emptiness feeling on the inside. They search for meaning in their lives but have a hard time finding any. The greater majority of them are unaware that there is a Cosmic Force or a Cosmic Spirit within their physical beings. That Cosmic Spirit brought them into this world and if they can only learn how to connect with their Cosmic Spirit they can transform their lives and experience peace and tranquility and contentment and inner happiness and find meaning in their lives. This book shows how you can learn to connect with your Cosmic Spirit and enjoy the remainder of your life on Planet Earth.
