

Way Out Of His League

Way Out Of His League The wolves came that day. When he spotted the first one he knew what it was. He just didnt believe it. There were no wolves here! Then he saw two, then three, four. Gray Timber wolves. Big. All pacing him, single-file, watching him with fixed concentration. Then they lunged. How did he get into this mess? Jim Goodman thought he was just sharing an opinion. It was just a guest editorial. It was just written for his local newspaper. Now hes in the middle of the fight of his life. Now his only daughter clings to the bridge railing, three hundred feet from the rocks below. The hideous beast between him and her can only be some demon-spawn creature. He must get past that creature. He must save his daughter. But he is no demon-fighting warrior! Hes just an ordinary Christian! Even so, his own life, that of his family, even the nations future is in his hands. But hes way out of his league!
